ABOUT LUCIDNASC

Our company was formed in 2019 and incorporated in 2020 headquartered in South Africa. We are a growing value chain solution centric company, taking advantage of new technology and innovative measures to make sure the solutions are delivered to the consumer. We offer IT infrastructure, software and software development, cloud, security, business consulting and stationery solutions. Our focus is primarily not consumptive deliveries but long-lasting solutions for consumers.

Highly oriented towards new challenges, Lucidnasc's mission is to provide innovative solutions and tools to help customers in achieving their daily challenges.

The strong relationship we have with partners in our value chain is testimonial to the high level of products and quality of services offered to our clients.

Delivering excellence through our people.

When we select our new employees, we seek passionate and talented people, with excellent hard and soft skills. Essentially, we look for people who are creative, constructive and ready to experiment new things.

Our team is characterized by three levels of experience:

Senior, Experienced and Junior

Senior

Professors and highly experienced professionals
Key account management
Sharing technical knowledge and experience with the team

Experienced

PhD graduates or at least 4 years' experience
Leading projects
Sharing solutions with Senior members
Developing project management skills

Junior

Graduate trainees, Interns
The source of new ideas
Developing skills working on projects
Learning from more experienced members of the team

WE VALUE OUR TEAM

PASSION FIRST - To face everyday challenges, knowledge and expertise are essential, but not adequate if you are not driven by passion. This passion is what we share in our team, and what keeps us striving for excellence in everything we do.

EMPLOYEE EMPOWERMENT - We don't think of empowerment only as a business strategy to improve efficiency, but as a natural way to develop a sense of ownership and responsibility among our team. We want our employees to openly share suggestions about their work and the company wholly. We want them to feel as part of the company, as they are the ambassadors of our organization.

TRAINING PROGRAM - To deliver excellent services and design innovative solutions our team skills and competences are of crucial importance. We pursue a continuous training programs both internally by sharing technical knowledge and organizing specific training sessions, and externally through different certification programs. We truly want the best preparation for our team, turned into first-class service for our customers

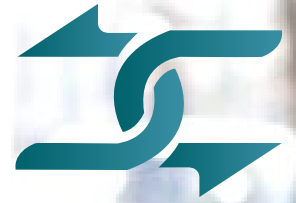

We of a one mutual goal, we spearhead our business in a direction where your perceptive quality is satisfied.

VISION STATEMENT - To be a company that stimulates and meets your aspirations.

MISSION STATEMENT - To meet the perceived product and service standards of consumers through not only delivery at the right price, quantity and time and at the required place, but through end user engagement in the critical analysis of the need and a lifetime support of the product or service life cycle.
